

GREENRANNI FARMERS PRODUCER COMPANY Ltd , List of machineries/ works under TENDER NOTICE NO: 01/GRFPC/2022 dt:- 22-11-202

Sl.No.	Name of machinery list	Description	Purpose
1	Brix Analyzer	Voltage -85 - 270 VAC; 47 - 65Hz, Operating temperature -20 to 85 Deg C	Brix analyzer can be used to measure sucrose found within vegetables, juices, soft drinks, wine, beer, and many more plant-based foods. What's ...
2	Two stage pulverizer with cooling jacket	Impact Pulverizer is suitable for pulverizing of rigid Plastics material. Impact Pulverizer consists of specially designed alloy steel liner. The liner is in half round shaped, the upper part of the liner is cooled by water circulation to maintain from 40 C to 50 C temperatures. The cooling is done in such a manner that the maximum heat transfer takes place in regular cycle.	For Powdering of Dried banana, Jackfruit etc..
3	Coating pan	Brand: GMP, Material: Stainless Steel ,Usage/Application: For Coating Capacity: 10 - 200 Kgs., Grade: GMP , Automation Grade: Semi-Automatic	Used in food processing plants to apply spice coatings on namkeens, chips snacks and other edible items.
4	Deep freezer 2 nos	industrial purpous Type of Product : Convertible Chest Freezer Convertible, Capacity : 800 - 1500Ltr Body Material : Metal, No. of Doors : 2, Dimensions : 670x565x830	Deep freezer keeps larger amounts of food frozen for longer periods of time
5	Commercial Mixy	Capacity: 5Ltr, Colour: Silver, Motor: 1.5HP, Weight: 36kg	
6	Electronic Highly Precise Lab Scale	Type of Product :300g Electronic Highly Precise Lab Scale, Display Type : LED Battery Backup : 16 Hrs,Size : 93 mm	For Quality control (QC)
7	Weigh Machine 10kg * 2 No.	Electronic Table Top Bluetooth Scale, LED, 376 x 315 x 110 mm, 6V, 4.5mAh, 16 Hrs	Weigh the raw materials and final products

8	Weighing machine 200kg	Type of Product : Platform Scale Weighing Machine, Capacity : 200 kg		Weigh the raw materials and final products
9	Duck oven	Semi-Automatic ,Capacity 280 Kg ,Voltage -220 V, Machine Body Material		For Chips finishing
10	Thermometer	Accuracy: Class 1 as per EN 13190, Usage/Application: Laboratory Thermometer Type: Analogue Thermometers, Material: Stainless		For Quality control (QC)
11	Induction sealer	Manual 20-80 mm Portable Induction Sealing Machine 500W		Bottle Sealing
12	Hand sealing 2nos.	Size: 8 Inch; Power; 400W; Heating Element Types : 1. Round for Liquids, 2. Flat for Grocery		Sample Sealing
13	Desktop system	10 th generation		For office accounting/inventory control etc..
14	Scanner printer *2 no.			For office accounting/inventory control etc..
15	UPS - 2Nos	Normal computer ups and 1kw ups with 120ah battery backup		Power back up
16	Software purchase			Accounting
17	Steel Almaras * 2nos	with locker setup		Storage of Records
18	Office Table * 2Nos	Office , account and official		Office Use
19	Chairs	revolving chair 2nos. and plastic chair with arm rest 5		Office Use
20	Utensils	ss table 6 x5 feet 2nos,ss barrel - 100litre *2 ,plastic pallet - 48*40 inch *5 , crates - 25 litre *20 nos. ,fly& rodent trap 6 nos each, etc.		
21	Water Heater	On line water heater 3L		For blanching of raw materials
22	Cctv Surveillance	5camera		CCTV security cameras for Production d
23	2ton hand pallet truck			Material Handling
24	Label printing machine			To Print Price, Batch No,expiry dateEtc...
		Product To Be Peeled	Jack fruit	
		Usage/Application	jack fruit peeling	
		Capacity	100 Kg/ Hr	
		Weight	250kg	
		Power	0-1 kw	

25	Jackfruit Peeling Machine	Material	Stainless Steel SS-304	For Peeling of Raw Jack fruit
		Voltage	220v	
		Warranty	1year	
		Grade	SS 304	
		Motor Power	2hp	
		Finishing	mirror or mat	
26	Jackfruit Cutting Machine	Jack fruit cutter fitted in a Stainless Steel (SS-304) Table. 4 x 6 feet		
27	Jackfruit chips cutting machine	Machine Type	Automatic,Semi-Automatic	
		Power Consumption	0.5Hp	
		Blade	SS	
		Body Material	SS	
		Finishing	SS Matt	
		Phase	Single	
28	Tapioca slicer machine			
29	RECTANGLE SIFTER	Frame : MsConnected Power : 1hp MotorSize : 36' X 18'Sieve size : 16 Meshes		for seiveing purpose

30	Blanching machine	<p>Capacity (kg/hr) 150-200, 200-250, 50-100, 100-150 Automatic Grade Automatic, Semi-Automatic, Manual Design Standard, Customized Operation Mode Semi-Automatic Machine Power (kw) 0-40, 40-80, 80-100</p>	For blanching of row materials
31	Electrification works	<p>Electrification of machineryies,Supply of Sub panel with multy panael meter and indicators , KSEB IN (100 A) DG In (100 A) 4 pole switchs , ATS (100 A) ,3 No of 63A 4 pole Issolator , 3No of 32A 4 pole iossilator and 2No of 20A 4pole Issolator. Nearly 50 meter of 25 sq.mm cabl;ing and geting <i>approval from KSEB and</i> electrical inspectorate etc...</p>	SLD is given as Annexure-5
32	WeighFilling Machine For Chips and Powder filling.	<p>Semi-Automatic ,Capacity25gram to 1000gram ,Voltage -220 V Stainless Steel, Power Consumption - 0.2 Kw/h</p>	For pouch fillin g of Chips and powder products
